EDUCATION

De La Salle University

BS Computer Science, Major in Network Information Security

Manila, Metro Manila

Expected Sep. 2028

EXPERIENCE

Associate Backend Engineer & Assistant Vice President

Oct 2024 – Present

La Salle Computer Society

DLSU

- Contributed to the development of a university-wide website by assisting in backend API implementation and database design.
- Prepared digital materials and presentations for an organisation-wide event.

Administrative Assistant

Jan. 2024 – Feb. 2024

Bureau of Soils and Water Management

Quezon City, Metro Manila

- Organised and digitised administrative records, ensuring accuracy and efficiency in retrieval of documents.
- Assisted in drafting and formatting official correspondence, memos, reports, etc.
- Worked on coordinating scheduling of meetings and maintained office calendar to keep work efficient.

IT Tech Intern

Oct. 2023 – Dec. 2023

Commonwealth Hospital

Quezon City, Metro Manila

- Installed and configured hospital computers and network systems.
- Assisted in configuring and updating hospital servers.
- Worked with IT team to perform routine maintenance checks and light penetration testing.
- Documented technical support cases.

PROJECTS

Reliable Data Transfer over UDP | Python

Feb. 2026

- Developed an application-layer file transfer protocol using Stop-and-Wait ARQ over UDP to support reliable file uploads (PUT) and downloads (GET) using Python.
- Engineered custom connection handshakes, packet encoding/decoding, and a packet-loss simulation mode to rigorously test timeout and automatic retransmission paths.

RFC PokeProtocol | Java, UDP

Dec. 2025

- Engineered a custom reliable data transfer protocol over UDP using Java, implementing a three-way handshake, ACK/NACK sequencing, and automatic packet retransmission.
- Developed a networked multiplayer Pokémon battle system featuring real-time synchronization, live chat, and a spectator mode.

LEAP 2025 Registration System | Express.js, Typescript, Redis, Kubernetes

May 2025

- High-traffic event registration platform engineered for reliability under extreme concurrency.
- 30,000+ concurrent users and 99.9% uptime.

TECHNICAL SKILLS

Languages: Python, C, Java, Javascript, Typescript, SQL (MySQL & Postgres)

Frameworks: React, Node.js, Next.js, Express.js, Tailwind

Developer Tools: Git, Docker, Kali Linux, Nessus, NMAP, Postman, Metasploit, VS Code, IntelliJ

Libraries: pandas, NumPy, Matplotlib

LEADERSHIP & ACTIVITIES

De La Salle University Fencing Team

Jun. 2024 – Present

Sabre Fencer

Manila, Metro Manila

- Represented the university as a student-athlete across UAAP (Seasons 87–89), local regionals, and national open fencing tournaments.

ENGLICOM

Sep. 2025 – Present

Committee Coordinator for Alliance

Manila, Metro Manila

- Actively reached out to companies and pitched sponsorships proposals to secure event funding and strategic partnerships.
- Drafted and finalised Memorandums of Agreements (MOAs) with sponsors and partners, including OPPO (Millennial Zeal Technology Corporation), Unicharm Philippines, Gong Cha Philippines Inc., etc.
