EDUCATION

De La Salle University

BS Computer Science, Major in Network Information Security

Manila, Metro Manila

Expected Sep. 2028

EXPERIENCE

Associate Backend Engineer & Assistant Vice President

La Salle Computer Society

Oct. 2024 – Present

DLSU

- Contributed to the development of a university-wide website by assisting in backend API implementation and database design.
- Prepared digital materials and presentations for an organisation-wide event.

IT Tech Intern

Commonwealth Hospital

Oct. 2023 – Dec. 2023

Quezon City, Metro Manila

- Installed and configured hospital computers and network systems.
- Assisted in configuring and updating hospital servers.
- Worked with IT team to perform routine maintenance checks and light penetration testing.
- Documented technical support cases.

PROJECTS

Resole | Next.js, React Native, TypeScript, Tailwind, Supabase, PostgreSQL

Aug. 2026

- Built a full-stack circular commerce marketplace for premium sneakers, utilizing a feature-driven monorepo architecture for seamless integration between a Next.js web application and a React Native mobile app.
- Developed a scalable backend using PostgreSQL and Drizzle ORM on Supabase, featuring automated data scraping via Puppeteer and AI-powered condition scoring with Google GenAI.

Vibe-Coded Website Fuzzer | Python

July 2026

- Built a Dynamic Application Security Testing (DAST) fuzzer in Python to automate vulnerability discovery (IDOR, JWT bypasses, and rate-limiting flaws) in AI-generated web applications.
- Integrated a native CVSS v3.1 scoring engine to evaluate findings and generate comprehensive, styled vulnerability risk reports.

Leap 2025 Registration System | Express.js, Typescript, Redis, Kubernetes

May 2025

- Built a high-traffic event registration platform engineered for reliability under extreme concurrency.
- At it's peak, the system supported 30,000+ concurrent users and 99.9% uptime.

TECHNICAL SKILLS

Languages: Python, C, Java, Javascript, Typescript, SQL (MySQL & Postgres)

Frameworks: React, Node.js, Next.js, Express.js, Tailwind

Developer Tools: Git, Docker, Kali Linux, Nessus, NMAP, Postman, Metasploit, VS Code, IntelliJ

Libraries: pandas, NumPy, Matplotlib

LEADERSHIP & ACTIVITIES

De La Salle University Fencing Team

Sabre Fencer

Jun. 2024 – Present

Manila, Metro Manila

- Represented the university as a student-athlete across UAAP (Seasons 87–89), local regionals, and national open fencing tournaments.

ENGLICOM

Committee Coordinator for Alliance

Sep. 2025 – Present

Manila, Metro Manila

- Actively reached out to companies and pitched sponsorships proposals to secure event funding and strategic partnerships.
- Drafted and finalised Memorandums of Agreements (MOAs) with sponsors and partners, including OPPO (Millennial Zeal Technology Corporation), Unicharm Philippines, Gong Cha Philippines Inc., etc.
